Department of Human Resource Services

Safety Watch 2009!!!

Fire Safety / Hallway Cleanup

The State Fire Marshal has asked the campus to remove items placed or stored in the corridors, including trash cans. Campus policies, State Fire Codes, and safety regulations prohibit storage of items in stairways and corridors. Clear corridors help occupants exit a building and improve access for emergency personnel during an emergency. Please follow the links to campus policies:

<http://ehis.fullerton.edu/SafetyGuidelines/StairwayAndCorridor.aspx>

<http://ehis.fullerton.edu/OHS/FireAndLifeSafety/FireSafetyInCorridors.aspx>

An *exit path* is a continuous and unobstructed way of exit travel from any point in a building or structure to a point outside of the building or structure

If you have any questions, please call Environmental Health and Instructional Safety at ext. 7233.
